TOEIC vocabulary on things we can't do now:

Air travel

Eating out

Finish and email it to me.

Then groups to plan the ultimate weekend after there's no more worry about Corona.

This isn't just what you'd like to do, it's a travel package you want to sell to your class. You're going to plan from 6PM, Friday night, to 10PM, Sunday. Where are your clients going? What are they doing? Where are they eating? Sleeping? How are they getting there? How are they moving around? Create a flier and post it on discord. Your group will have 1 minute per group member to sell the package to the class. After all presentations are done, class votes on the best.
