On a hippie trail, head full of

I met a strange

she made me

She took me in and gave me

And she said:

"Do you come from

TRALIA

?

Where women

, and men

Can't you hear, can't you hear the

?

You better

you better take cover."

Buying

from a man in Brussels

He was six-foot-four and full of

I said, "Do you speak-a my

He just smiled and gave me a

sandwich

And he said, "I come from

TRALIA

Where

does flow and men

Can't you hear, can't you hear the  ?

You better  you better take cover."

Lyin' in a den in 

With a slack jaw, and not much to 

I said to the man, "Are you trying to tempt me?"

Because I come from the land of 

And he said, "You come from 

Where women  and men 

Can't you hear, can't you hear the  ?

You better  you better take cover."

Living in a 

Where women  and men 

Can't you hear, can't you hear the  ?

You better  you better take cover."
