

Company's description

Insurance broker specialized in serving expatriates and international companies with medical and life insurance solutions, Abacare focuses on providing the best solutions and building long team relationships with our clients. Our clients are major international companies, expatriates, and high net worth locals. We have been established over 15 years with the head office in Hong Kong and offices in Beijing, Shanghai (and soon Singapore). With our international team of professionals (total 80 staff), we strive to provide satisfaction to our clients through our advice, professional handling of insurance matters and overall services. Please visit our website: www.abacaregroup.com for more details.

You will join Hong Kong's IT team and your mission will cover a wide range of domains (development, multiplatform administration, support ...)

Position: IT assistant and developer
Start date: As soon as possible
Internship period: 4 to 6 months
