

We are redefining internships

ING STAGE LONDON

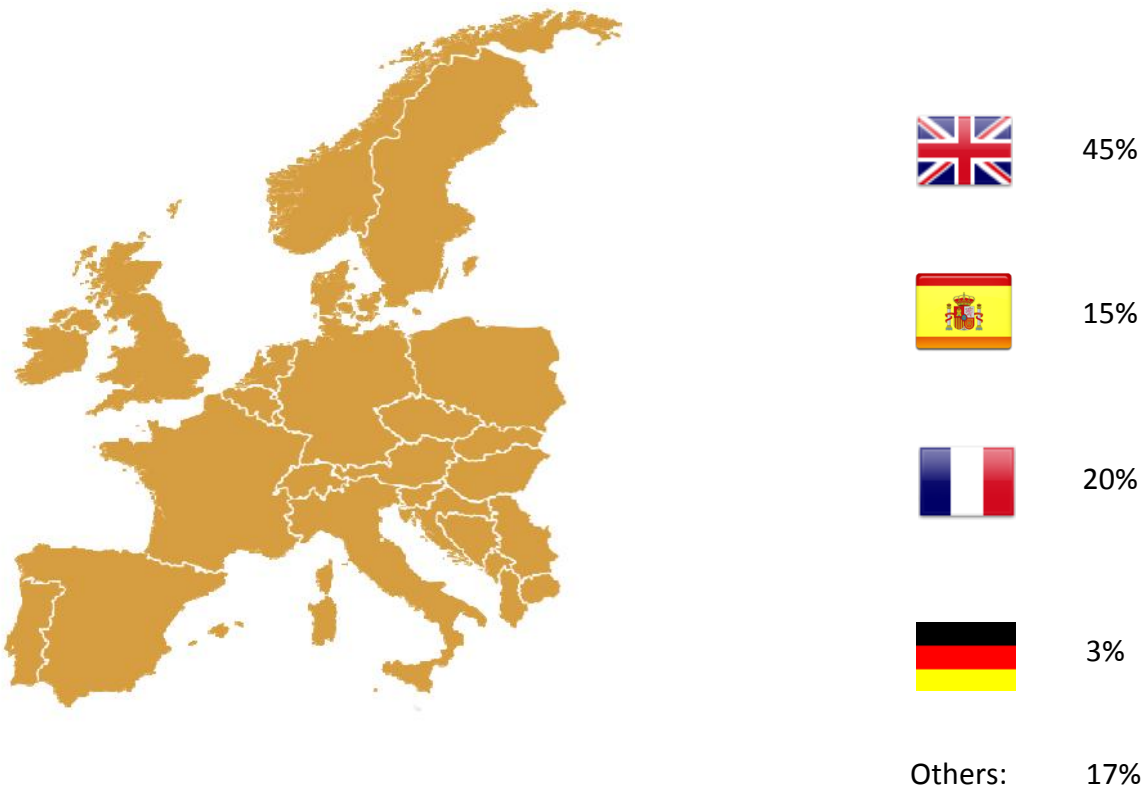

Tailored Career Development

King Stage London is a recruitment consulting agency based in the heart of London. The agency acts as an agent between the students and recent graduates who wish to perfect their knowledge and skills and the London-based companies that are looking for these dynamic profiles.

OUR BUSINESS AT A GLIMPSE

King Stage London works with international students and has presence in more than 10 European countries:

- Percentage of European students placed based on their nationality

King Stage London also has:

- An active network of more than 200 partner companies
- Several partnerships with European Business schools and Universities
- More than 2000 students already placed with companies

SERVICE TO STUDENTS

- We place around 98% of the candidates we work with.
- 92% of the students are satisfied with King Stage services.
- 88% of the students are offered employment at the end of their internship

HOW WE WORK WITH STUDENTS?

Step 1

- Kinstage advertises the internship vacancy among the students through the school/college careers website.
- The students review the internship details and send their resumes to us.

Step 2

- We shortlist few applicants and invite them for an interview to assess their skills and competencies and personality.
- King Stage London evaluates the student candidature and review the resumes to match with the company requirement.

Step 3

- The selected students are then send to the company for final interview and selection.
- Placement of student in company & regular follow up with the student for support and advice throughout the internship period.

We offer to the candidates:

- The commitment of our team to identify the suitable internship offer
- The negotiation and agreement upon the internship missions between the company and the candidate
- A customised follow-up from the candidate's arrival to the end of the internship

- We recommend the candidates to send their video CV when applying.
- The video CV is a tool which enables the candidates to draw the recruiter's attention.
- It ten folds your chances to be recruited.
- It enables the company to assess the candidate's confidence, dynamism and level of English.

HOW WE COMMUNICATE

1. The Job-boards:

King Stage works with partner job boards in order to communicate directly with the students hunting for internship opportunity.

These websites are dynamic, reputable and provide credibility and confidence to the potential candidates.

2. The social networks:

They enable us to remain close to the students and partners in order to reply directly to enquiries and identify precisely the needs of everyone.

Our networks represent a real windfall for students as well as recruiters, so...
Join us!

SERVICE TO PARTNER SCHOOLS

We offer professional support to Business Schools and Colleges by helping students find the right internship placement and helping them with their career development.

Internship offers:

With our expertise and experience, we have the knowledge to groom and help students to gain work experience within our network of companies.

We are able to place considerable number of students for work experience/internship.

Each company usually takes on 2 to 10 students per year depending on the company's size and needs.

We are working with best business schools in Europe, although they have Career Centres, they collaborate with us and trust us because of the internship quality.

1.1 ****Other career centre services we provide are:

- Guidance for students:

With a team of experts in human resources and recruitment, we will provide multiple advices to students on different subjects such as coaching, job application, and internship. We use new way of communication such as Social networking, online advice in addition to a more personal approach by way of one-to-one sessions with the students if needed.

Another service for the students will be bespoke advice on CV writing, filling in application forms and writing covering letters to highlight the student's skills and competencies. The objective will be to make the student's application stand out and increase their chances of being hired.

During the session, the advisor will offer constructive feedback about writing a cover letter, how to demonstrate skills and competences and how to create an immediate and strong relationship with the recruiter.

- Coaching:

This career development coaching will cover the aspect of interviews, company culture, leadership and relationship with colleagues. With the coaching option, we will prepare the students to work within the company therefore increase their chance to have a job offer. All career coaching sessions will be one-to-one and be offered face-to-face or via email or phone. We will recommend a professional coach for sessions.
